

BBC World News: The World's Most Trusted 24 Hour TV News Channel

BBC World News, the 24-hour international news channel, is available in over 200 countries worldwide, delivering a diverse mix of authoritative international news, sport, weather, business, current affairs and documentary programming.

In Japan, BBC World News is available on major multi-channel providers and digital video services, offering dual audio channels in English and a simultaneous Japanese translation service daily for 14 hours.

Digital Video Services (Linear Live Streaming)

Satellite, Cable and IPTV

Choice of Languages

The BBC World News channel offers an average of 14 hours per day of simultaneous Japanese translation service in Japan. During these hours, Japanese audio is automatically set as the main audio track, and the original English audio as the secondary track. In order to switch between the audio tracks, please press the “音声切替” (Audio Switch) button on your TV remote control.
